ABOUT

One vision, one standard.

First a Parisian taxi driver, Stéphane Dias knows the capital inside out. Then, under the TSP VIP banner, he served national and international groups: executive cars, COMEX teams, travelling staff and VIP clients.

This dual culture — the discipline of the Parisian taxi and the standards of key-account chauffeur services — grounds the TSP VIP promise: the discretion of a seasoned chauffeur, the rigour of a professional operator.

“Luxury is discretion.
True elegance
never announces itself.”

— STÉPHANE DIAS, FOUNDER
